

Username or Password

Before you can use Family Access you must have a Username and password for your account. If you don't know if you have one, please complete the form on the SISD home page (www.sweenyisd.org) under the Parents tab.

Getting Started

Family Access can be accessed at:

<https://sisdaccess.sweenyisd.org/scripts/wsisa.dll/WService=wsEAplus/fwemnu01.w> OR go to the Sweeny ISD home page (www.sweenyisd.org) and click on the Parents tab.

Once there, please bookmark the site or add it to your favorites for easy access.

Frequently Asked Questions

Why should I use Family Access?

Family Access is a web based tool designed to enhance parent/guardian and school communication. Your use of the Family Access website is voluntary.

I have more than one student in the district, will I need multiple passwords?

No. Using one password you can access records for all of your students, even if they are attending different schools within the district.

Can other people see my child's personal information on Family Access?

Family Access is password protected. As long as you keep your password safe it is highly unlikely that anyone else will be able to access or view your child's personal information.

I can't get Family Access to work on my computer; what should I do?

Family Access is a web based product, so it should work on your computer like any other web based application. Occasionally, the Family Access web server may be down for maintenance. If you get an error message, please try again as needed. If you are still having problems, please contact the school. Be sure to turn off your Pop-up blocker. Settings can be found in your internet browser.

With all the talk about Internet safety and security, how do I know Family Access is safe?

Family Access uses Secure Socket Layer (SSL) encryption as the security layer for data presented on the Web. This is the same encryption system used by sites that accept credit card numbers and other personal data that must be secure. Each individual, whether student, parent, or staff member, must be given a username and password and be designated as a member of a household linked to a student in order to view Family Access information.

Skyward Mobile Access:

Download the mobile app that gives you complete access to your student's information right from your Apple iPhone, iPod Touch or iPad. The answer to your family's on the go needs.
