

SHAC Minutes

3-26-14

4:00 pm

Dr. Thompson began the meeting with a welcome. The minutes from the January meeting were read. Loure Dews moved to accept the minutes, and Rebecca Mathis seconded the motion. All were in favor, and the minutes were accepted.

Kathy Wolford, Child Nutrition Director, gave an update on the food service department. She reported on the district's activities during National Breakfast Week (first week in March) including special nutrition education emphasis in PE as well as having cheerleaders and teachers serving breakfast at the campuses. Photos were displayed on the elementary website of some of these activities. Ms. Wolford also reported that there would be a new menu format for next year and that informational newsletters on wellness and nutrition are planned to be sent home with students next year as well. The group discussed the increase in prices for cafeteria meals.

Randy Miksch gave an update on the various projects proposed in the bond election.

Fitnessgram was discussed. It was noted that secondary parents and students need to have advance knowledge of when Fitnessgram testing will take place so that they can plan to have appropriate clothes and shoes for those days.

The remainder of the meeting was devoted to discussing the Community Engagement accountability piece and deciding how to survey parents and the community to obtain input resulting in a rating on each of the nine components. Further discussion and decisions will likely take place via email communication.

The group was adjourned.
